Attn: Sheila Briggs (3HW62)

Dear Ms. Briggs

The following documents and information are being sent to you to comply in entirety with your requests as understood by me. Should any information be deemed inadequate or incomplete I will supply upon request any documents or information that we have.

A-1 Plating Co. Inc. is a typical electroplating and metal surface finishing shop under 40 CFR 413 that does a variety of plating. A-1 has a typical chemical destruct waste water treatment system that produces a single waste stream of F006 waste treatment sludge from electroplating. This system and the effluent to the city sanitary sewer is regulated and licensed by the City of Baltimore.

On Nov. 17 1988 A-1 Plating Co. had a fire which totally destroyed the company's office and laboratory. All company documents and files were destroyed in that fire. Electric service was returned to the company approximately March 1, 1989. The only information and documents that I can provide to you are for the time period after the company began processing work after the fire. All of the people who generated documents or who were responsible for waste treatment prior to the fire are no longer with the company. This would make it extremely difficult if not impossible to attain any information or copies of documents prior to the fire. If such information is imperative we will attempt to contact the previous responsible personnel to trace prior transactions.

In answer to your questions:

Mr. Ted Mooney, of Finishing Technologies is a consultant for electroplating and waste treatment that was contracted by A-1 Plating Co. to design the waste treatment system and conduct any analysis necessary to determine the classification of waste. He used his knowledge of the sludge and the information attained by the disposal facility to

determine that it was F006. His information and the analysis done by Envirote, prior to every delivery to them, has indicated that the waste is restricted from land disposal. The results obtained from the analysis at Envirote is not forwarded to us. It is done, however, by them to determine if the material can be treated by them and rendered non-hazardous. Please see copies of non-hazard certifications provided to us after their services.

A land disposal notification/certification has been sent with each shipment to the disposal facility with the contracting hauler.

If I can be of any further assistance please contact me at (301) 327-5552.

Sincerely,

Gary Reynolds, Manager

RCRA LAND DISPOSAL RESTRICTION NOTIFICATION

Generator Name: A-I PLATING CO. INC. EPA ID Number: MDD003101847
Manifest Number: PAD 4599442 Date of Shipment: 3/2/89
EPA Hazardous Waste Number: F006

This notification is hereby submitted to Envirite Corporation in compliance with EPA regulations described in 40 CFR Part 268 which prohibit the land disposal of certain hazardous wastes, unless those wastes are treated to meet specified standards.

CHECK THE APPROPRIATE BLANK

☒ I am the initial generator of the untreated hazardous waste described on the above manifest. This waste must be treated in order to meet the appropriate treatment standards set forth in 40 CFR 268, Subpart D.

☐ The waste identified above has been treated in compliance with the applicable performance standards specified in 40 CFR 268 Subpart D and/or the applicable prohibitions set forth in 40 CFR 268.32. "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D. I believe that the information I submitted is true, accurate and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

☐ The waste identified above is subject to a case-by-case extension under 40 CFR 268.5 or a national variance under 40 CFR Subpart C.

I hereby certify that all information submitted in this and all associated documents is complete and accurate to the best of my knowledge and information.

Title

NONHAZARDOUS CERTIFICATION

Wastewater
This is to certify that Treatment Sludge waste received 6-9-89
from A-1 Plating, Baltimore, MD on manifest
PAB 6084960 has been rendered nonhazardous in full compliance with
the terms of Envirite Corporation's delisting petition granted by the U.S. EPA
November 6, 1986, and the State of Penna. on Nov. 5, 1981.

Having changed this hazardous waste into a nonhazardous material, Envirite
Corporation has eliminated all A-1 Plating's future hazardous
waste liability for this material under RCRA (Resource Conservation and Recovery
Act of 1976).

SECTION 1: RESTRICTED WASTE(S) REQUIRING FURTHER TREATMENT PRIOR TO LAND DISPOSAL

The purpose of this section is twofold: 1) to serve notice to ENVIRITE and/or the alternate facility designated on the manifest bearing document number 0040356484 that the waste(s) described on the referenced manifest does not meet the applicable treatment standards or does not comply with the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d); 2) to apprise the referenced facility of the treatment standards set forth in 40 CFR Part 268 Subpart D and any applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d), as stated in Section 6 of this document. The EPA Hazardous Waste Number(s) which is associated with the particular line entry on the manifest is as follows: 11 a. F006
11 b. _____ 11 c. _____ 11 d. _____. Please note that the more stringent standard applies where a waste mixture has two or more applicable treatment standards.

Generator's Printed Name C.G. REYNOLDS Generator's Signature [Signature]
Customer Name A-1 PLATING CO. INC.

SECTION 2: RESTRICTED WASTES THAT CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

The purpose of this section is twofold: 1) to serve notice to _____ and/or the alternate facility designated on the manifest bearing document number _____ that the waste(s) described on the referenced manifest has been treated and can be land disposed without further treatment; 2) to certify that the waste meets applicable treatment standards set forth in 40 CFR Subpart D, and the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d), as stated in Section 6 of this document. The EPA Hazardous Waste Number(s) which is associated with the particular line entry on the manifest is as follows: 11 a. _____ 11 b. _____ 11 c. _____ 11 d. _____.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). I believe that the information I submitted is true, accurate and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

Generator's Printed Name _____ Generator's Signature _____
Customer Name _____

SECTION 3: CASE BY CASE EXTENSION, EXEMPTION AND/OR NATIONWIDE CAPACITY VARIANCE

The purpose of this section is to notify the facility specified on manifest bearing document number _____ that the waste(s) described on the referenced manifest is subject to one of the above captioned provisions. Attached hereto is the applicable notice.

Generator's Printed Name _____ Generator's Signature _____
Customer Name _____

SECTION 4: NO PRACTICALLY AVAILABLE TREATMENTS FOR WASTE(S) FOR WHICH TREATMENT STANDARDS ARE NOT SPECIFIED ["Soft-Hammer"]

The purpose of this section is to notify the facility specified on manifest bearing document number _____ that the generator has determined that there is no practically available treatment for his waste prior to disposal and that the generator has accordingly taken two actions: 1) submits (or submitted) to the facility with the initial shipment of the subject waste(s) a copy of the demonstration and certification required in 40 CFR 268.8(a)(2)(i); 2) provides the facility with the assurance that the conditions being certified have not changed. These statements and certification apply to the EPA Hazardous Waste Numbers relating to the referenced manifest's item numbers as follows:
11 a. _____ 11 b. _____ 11 c. _____ 11 d. _____.

I certify under penalty of law that the requirements of 40 CFR 268.8(a)(1) have been met and that disposal in a landfill or surface impoundment is the only practical alternative to treatment currently available. I believe that the information submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Generator's Printed Name _____ Generator's Signature _____
Customer Name _____

SECTION 5: PRACTICALLY AVAILABLE TREATMENTS FOR WASTE(S) FOR WHICH TREATMENT STANDARDS ARE NOT SPECIFIED ["Soft-Hammer"]

The purpose of this section is to notify the facility specified on manifest bearing document number _____ that the generator has determined that there is practically available treatment for his waste prior to disposal and that the generator has accordingly taken two actions: 1) submits (or submitted) to the facility with the initial shipment of the subject waste(s) a copy of the demonstration and certification required in 40 CFR 268.8(a)(2)(ii); 2) provides the facility with the assurance that the conditions being certified have not changed. These statements and certification apply to the EPA Hazardous Waste Number(s) relating to the referenced manifest's numbers as follows: 11 a. _____ 11 b. _____ 11 c. _____ 11 d. _____.

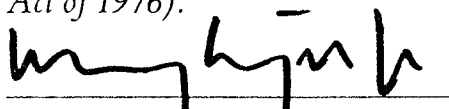

I certify under penalty of law that the requirements of 40 CFR 268.8(a)(1) have been met and that I have contracted to treat my waste (or will otherwise provide treatment) by the practically available technology which yields the greatest environmental benefit, as indicated in my demonstration. I believe that the information submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

SECTION 3: Restricted Wastes That Have Been Treated and Can Be Land Disposed without Further Treatment

The purpose of this section is twofold: 1) to notify the facility specified on the referenced manifest that the waste(s) indicated has been treated and can be land disposed without further treatment; 2) to certify that the waste meets applicable treatment standards set forth in 40 CFR Part 268 Subpart D and the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). The subject waste's EPA hazardous waste number, applicable treatment standards, and regulatory and statutory prohibitions are referenced in Section 6 of this document.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals immediately responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268 Subpart D and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d) without dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

Printed Name: _____ Signature/Date: _____

SECTION 4: Case-by-Case Extension, Exemption, and/or Nationwide Capacity Variance

The purpose of this section is to notify the facility specified on the referenced manifest that the waste(s) indicated in Item 11 _____ is subject to one of the above captioned provisions. Attached hereto is the applicable notice.

Printed Name: _____ Signature/Date: _____

SECTION 5: Wastes for Which Treatment Standards Are Not Specified and Treatment Is Practically Available ("Soft Hammer")

The purpose of this section is to notify the facility specified on the referenced manifest that the generator has determined that there is practically available treatment for his waste prior to disposal and that the generator has accordingly taken two actions: 1) submits (or submitted) to the facility with the initial shipment of the subject waste(s) a copy of demonstration and certification required in 40 CFR 268.8(a)(2)(ii); 2) provides the facility with the assurance that the conditions being certified have not changed. The statements and certification apply to the wastes referenced in Section 6 of this document. The subject waste's EPA hazardous waste number and any applicable regulatory and statutory prohibitions are referenced in Section 6 of this document.

I certify under penalty of law that the requirements of 40 CFR 268.8(a)(1) have been met and that I have contracted to treat my waste (or will otherwise provide treatment) by the use of practically available technology which yields the greatest environmental benefit, as indicated in my demonstration. I believe that the information submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Printed Name: _____ Signature/Date: _____

(Complete PAGE 2 of this form by lifting up this page and folding it in the opposite direction along the perforation connecting first and second sheets. Insert carbon paper between the re-folded sheets with carbon paper face down on top of PAGE 2, which is marked "DUPLICATE FOR GENERATOR.")

GENERATOR NOTIFICATION TO TREATMENT FACILITY WHERE
RESTRICTED WASTE REQUIRES TREATMENT PRIOR TO LAND DISPOSAL

GENERATOR: A-1 PHARM CO INC

DATE: 12/13/89

This notice is submitted to Delaware Container Company, Inc., in accordance with 40 CFR Section 268.7(a)(1). 40 CFR 268.7(a) requires the generator to test his waste or an extract developed using the Toxicity Characteristic Leaching Procedure (TCLP) described in Appendix I of Part 268 Fed. Reg. 40,543, or using knowledge of the waste to determine if the waste is restricted from landfill disposal.

Restricted wastes are banned from land disposal unless the listed constituents in the waste, as generated, do not exceed the values found in Table CCW (attached), or unless the waste is treated to the extent that the TCLP waste extract does not exceed the values shown in Table CCWE (attached) of Section 268.41.

If a generator determines he is managing a restricted waste and the waste requires treatment prior to land disposal, for each shipment of such waste, the generator must notify the treatment facility in writing of the appropriate treatment standard. This notification includes the following required information:

1. EPA Hazardous Waste Number(s): F006
As found on manifest line (circled) 11.a 11.b 11.c 11.d
2. Manifest Number this shipment: PAC 0469276
3. Analytes Knowledge of waste used to determine restricted waste.
(Circle response. If Analysis, same is attached)
4. Treatment standard, if waste or waste residue is land-disposed. Check off the appropriate standard on Table CCWE and/or CCW.

EPA hazardous waste Number F006, as found on manifest line (circle) 11.a 11.b 11.c 11.d, manifest # PAC 0469276 is ~~X~~ a restricted waste.

I hereby certify that all information submitted in this and all associated documents is complete and accurate to the best of my knowledge and information.

Signed: [Signature]

Title: RCM

Date: 12/13/89

Note: A copy of this notice must accompany each manifested shipment as required by 40 CFR 268.7(a)(1).

NONHAZARDOUS CERTIFICATION

This is to certify that Wastewater
Treatment Sludge waste received 12-13-89
from A-1 Plating, Baltimore, MD on manifest
PAC 0469276 has been rendered nonhazardous in full compliance with
the terms of Envirite Corporation's delisting petition granted by the U.S. EPA
November 6, 1986, and the State of Penna. on Nov. 5, 1981.

Having changed this hazardous waste into a nonhazardous material, Envirite
Corporation has eliminated all A-1 Plating's future hazardous
waste liability for this material under RCRA (Resource Conservation and Recovery
Act of 1976).

LAND DISPOSAL NOTIFICATION/CERTIFICATION FORM FOR WASTES SENT TO ENVIRITE

Generator Name/Location: A-1 PLATING CO INC

Generator EPA ID #/Phone #: MD2003101847/301-327-5552 Manifest Document # per Item 1/Item A: 69232 1 PA04692

Envirite Waste Stream #s: 11 a. ☒ 11 b. ☐ 11 c. ☐ 11 d. ☐

SECTION 1: Restricted Wastes Requiring Treatment prior to Land Disposal

The purpose of this section is twofold: 1) to notify the facility specified on the referenced manifest that the waste(s) indicated does not meet the applicable treatment standards or does not comply with the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d); 2) to apprise the referenced facility of the treatment standards set forth in 40 CFR Part 268 Subpart D and any applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). The subject waste's EPA hazardous waste number, applicable treatment standards, and regulatory and statutory prohibitions are referenced in Section 6 of this document. Please note that the more stringent standard applies where a waste mixture has two or more applicable treatment standards.

Printed Name: CG REYNOLDS Signature/Date: [Signature] 1/3/01/50

SECTION 2: Restricted Wastes That Can Be Land Disposed without Treatment

The purpose of this section is twofold: 1) to notify the facility specified on the referenced manifest that the waste(s) indicated can be land disposed without treatment; 2) to certify that the waste meets applicable treatment standards set forth in 40 CFR Part 268 Subpart D and the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). The subject waste's EPA hazardous waste number, applicable treatment standards, and regulatory and statutory prohibitions are referenced in Section 6 of this document.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

Printed Name: _____ Signature/Date: _____/_____

SECTION 3: Restricted Wastes That Have Been Treated and Can Be Land Disposed without Further Treatment

The purpose of this section is twofold: 1) to notify the facility specified on the referenced manifest that the waste(s) indicated has been treated and can be land disposed without further treatment; 2) to certify that the waste meets applicable treatment standards set forth in 40 CFR Part 268 Subpart D and the applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d). The subject waste's EPA hazardous waste number, applicable treatment standards, and regulatory and statutory prohibitions are referenced in Section 6 of this document.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals immediately responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268 Subpart D and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA section 3004(d) without dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

Printed Name: _____ Signature/Date: _____/_____

SECTION 4: Case-by-Case Extension, Exemption, and/or Nationwide Capacity Variance

The purpose of this section is to notify the facility specified on the referenced manifest that the waste(s) indicated in Item 11 _____ is subject to one of the above captioned provisions. Attached hereto is the applicable notice.

Printed Name: _____ Signature/Date: _____/_____

SECTION 5: Wastes for Which Treatment Standards Are Not Specified and Treatment Is Practically Available ("Soft Hammer")

The purpose of this section is to notify the facility specified on the referenced manifest that the generator has determined that there is practically available treatment for his waste prior to disposal and that the generator has accordingly taken two actions: 1) submits (or submitted) to the facility with the initial shipment of the subject waste(s) a copy of the demonstration and certification required in 40 CFR 268.8(a)(2)(ii); 2) provides the facility with the assurance that the conditions being certified have not changed. These statements and certification apply to the wastes referenced in Section 6 of this document. The subject waste's EPA hazardous waste number and any applicable regulatory and statutory prohibitions are referenced in Section 6 of this document.

I certify under penalty of law that the requirements of 40 CFR 268.8(a)(1) have been met and that I have contracted to treat my waste (or will otherwise provide treatment) by the practically available technology which yields the greatest environmental benefit, as indicated in my demonstration. I believe that the information submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
